REPORT OF THE STODDARD PUBLIC LIBRARY

For the Year Ending January 31, 1923

RECEIPTS

Fines received during year,	\$1 68	
From town treasurer, 1921 appropriation,	19 50	
From town treasurer, 1922 appropriation,	19 50	
		<hr/>
Total receipts,		\$40 68

PAYMENTS

New books,	\$5 13	
Lilla Cutter, extra labor,	4 65	
Harry Hale, ½ cord wood,	4 00	
C. B. McClure, postage,	08	
C. B. McClure, overpaid in 1921,	64	
Covering paper,	70	
		<hr/>
Total payments,		\$15 20
		<hr/>
Cash on hand, Jan. 31, 1923,		\$25 48

It is our pleasure to return thanks for the following donations to the library during the past year. One volume from Fred S. Messenger, W. W. Woolsey eight, Miss Mabel Cutter one, Arthur Cutter one, Mrs. Alice Scott three, Mrs. Lilla Cutter one. Also to the W. B. Conkey Co., one volume. Edward Messenger for copies of the Geographic Magazine. Also

to the Dearborn Publishing Co. for a subscription for the Dearborn Independent (weekly). Also to Miss Fannie Rutherford for a bound copy of the Stoddard reports from 1878 to 1916 inclusive. Several state papers have also been received from the State of New Hampshire.

The following books have been listed since the last report :

1652	A Pagan of the Hills,	Buck
1653	The Leopard Woman,	White
1654	The Zeppelin's Passenger,	Oppenheim
1655	Simba,	White
1656	Way Down East,	Grismer
1657	Conflict,	Budington Kelland
1658	The Clutch of Circumstances,	Cooke
1659	The Romance of a Medici Warrior,	Hare
1660	Youth,	Conrad
1661	London River,	Tomlinson
1662	The Man Who Understood Women,	Merrick
1663	Daddy's Girl,	Meade
1664	The Taming of Zenas Henry,	Bassett
1665	The Enchanted Barn,	Lutz
1666	Barbarians,	Chambers
1667	A Straight Deal,	Wister
1668	Let Us Follow Him,	Author of Quo Vadis
1669	History of King Charles the Second,	Abbott
1670	History of Mary Queen of Scots,	Abbott

Since the last report of the library trustees one of their number has passed away. Mr. McClure has served the town as library trustee long and faithfully, always working for its best interests and we have met with a great loss.

EDWARD T. DAVIS,
LILLA CUTTER,

Trustees.

A. E. CUTTER,
Janitor.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Stoddard:

I submit my fourth annual report as superintendent of schools for the supervisory union number 38.

I. SCHOOL PROGRESS. In the district as a whole the progress of the schools during the school year 1921-1922 was fairly satisfactory. Every school in the district was open for the required thirty-six weeks. The teachers were, with a few exceptions, well qualified and did good work. The attendance was about the same as the state average. The number of pupils who failed of promotion to the next grade was small.

This year all schools opened on schedule and have suffered no interruptions up to this time. There was the usual number of changes in teachers, amounting to nearly one-half the whole number in the district, but the average quality of teachers is better than we have had in any year since the close of the World War. Attendance so far is even better than it was last year, except in a few localities where heavy snow has made it difficult for pupils who have long distances to go. The average attendance for the district for September was 96.3 per cent, for October the same; for November 98.2 per cent; and for December and part of January 96.8 per cent.

Improvements have been made this year along several lines: (1) The general guidance of teachers in organizing their schools have been made more effective and reports are required at frequent intervals showing the progress and quality

of the work in all classes as well as attendance. (2) A new series of Arithmetic texts has been introduced and for supplementary material the Studebaker Practice Tests provide practice in the four fundamental processes in an efficient and economical way. (3) The Houston method of writing, which was introduced last year on trial, has been extended to all the schools with full equipment of copy books and the results are apparent in an improvement in the quality of handwriting. (4) A spelling book is now in use that is not merely a list of words; it was prepared from a careful study of actual needs and the words are carefully graded, and an economical method of teaching is emphasized. (5) The new series of Geography texts by Brigham and McFarlane brings instruction in that subject up to date, both the maps and the text having been revised since the World War.

II. TEACHERS. The shortage of teachers existing throughout the state since the war has been relieved to a great extent; there are teachers enough to go around, but we have filled out the ranks with a large number of girls just out of high school with only one summer school session for professional training. The Normal Schools provide each year less than half enough trained teachers to meet the needs of the state, so that it is not possible to secure teachers for the rural schools from that source. Increased facilities at the Normal Schools, with the proposed new dormitories, is an imperative need.

Salaries have advanced somewhat year by year and the salaries of good teachers ought not to be less at any time than they are now, but the inexperienced and untrained teachers are paid too much in proportion. We must pay a living wage to all teachers employed but we ought not to pay one who has invested neither time nor money in preparation for her work as much as we pay one who has spent several years in special training.

We need just as good teachers in the rural schools as in

the village schools, and in the state aided towns we can pay them as much as the village teacher—when we can get the trained teacher.

III. SCHOOL FINANCES. It is the intent of the school law that was enacted in 1919 that the local expenditures for elementary schools throughout the state should be equalized. The following table shows to what extent this has been realized in the eight towns of this district, and the figures are fairly representative of the situation throughout the state. The figures are for the school year 1921-1922.

	Position in list of 256 towns	Elementary school cost per \$1,000.	State Aid payments per \$1,000.	Local expenditure per \$1,000.
Sullivan,	16th	\$12.30	\$7.37	\$4.93
Marlboro,	23rd	9.98	4.27	5.71
Gilsum,	27th	11.60	5.59	6.01
Surry,	152nd	6.85	.44	6.41
Harrisville,	189th	5.56	.01	5.55
Stoddard,	196th	6.02	none	6.02
Roxbury,	201st	5.59	none	5.59
Nelson,	228th	4.31	none	4.31

The table should be read as follows: In the list of 256 school districts in the state, arranged according to the expenditures per \$1,000 of equalized valuation **for all school purposes** in 1921-1922, Sullivan (for example) stood 16th, and the cost of **elementary schools** was equivalent to a tax of \$12.30 per \$1,000; of this amount the state paid \$7.37 in state aid, and the district paid \$4.93. (Surry and Harrisville did not receive the full amount for which their budgets were approved because the legislature of 1921 did not appropriate enough to meet all the approved budgets).

With improvements in the administration of the law with further experience, and especially if the legislature should

make its appropriations large enough to meet all approved demands, we may expect to find that local expenditures for maintenance of elementary schools will "level off" more nearly at a uniform figure that will be somewhat above \$5.00 per \$1,000.

In estimating the amounts necessary for the district to raise at the coming March meeting, the school boards should have the figures of the above table in mind and where necessary ask for more than the five-dollar tax. The amount of state aid to be allowed for next year cannot be known definitely until the legislature has passed the appropriation bill, but the State Board of Education has asked for a sum that will provide for the approved demands of all the districts as determined from the budgets submitted last September.

The amounts needed for the school year 1923-1924 (see the school board's estimates) may be divided into two groups; one group will consist of the statutory requirements for high school tuition and per capita tax to be assessed by the selectmen without any vote of the district, and the "excess salary" of the superintendent which is determined by the joint school boards of the district in May; the other group consists of the salaries of district officers and the **general appropriation for support of schools**, the estimates for which are subject to change by vote of the district at its March meeting.

The greatest problem in relation to the finances in Stoddard is due to the transient children that come to your town with lumber crews and reside where they have to be transported at public expense. This is unfortunate, but there will be some relief in the form of state aid which will come on next year's money as a rebate for the expense you have incurred this year. The exact amount that will be available from the state cannot be stated until the legislature has made the appropriation for state aid, and it may be wise for you to postpone the school district meeting or adjourn the meeting until

after the legislature has adjourned, so that you may know just what amount you will receive and can determine just what you need to raise to make up the balance. There is one condition necessary to be fulfilled in order that you may receive the state aid, and that is that you raise a deficiency appropriation of \$138.67 to make up the amount of the five-dollar tax.

If you had not been at the extra expense this year that this transportation has caused, I should urge that the same improvements be made at the South Stoddard school that have been made at the Village school, painting the interior a light color and building an outhouse at the rear of the schoolroom. These are matters that should be provided for as soon as you are in a position to do it.

Respectfully,

VERNON S. AMES,

Superintendent.

Marlboro, N. H., February 15, 1923.

REPORT OF SCHOOL BOARD

STATISTICS FOR SCHOOL YEAR 1921-1922

Number of different pupils registered in school in town,	38
